

Technical data sheet - Recital

Description

A stand-out multipurpose upholstered chair suitable for use on telescopic platforms or as a fixed auditorium chair. The retractable version is cleverly designed with seat, back, arms and end panels which fold into a small envelope to allow platforms to be retracted.

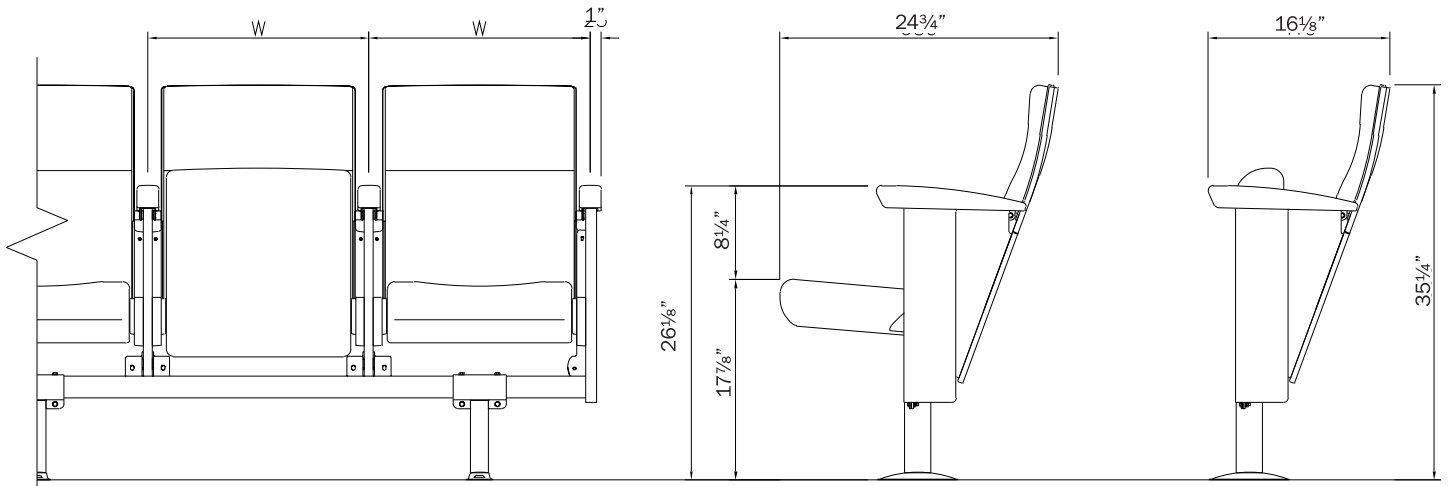

Features

- Designed for comfort with good lumbar support
- Complies with the highest level of test (level 4) for the European strength standard EN 12727:2000
- Enclosed, damped, spring-tip mechanism for safety and smooth, silent action
- Ideal for stand alone applications, or for use on TX platform systems - TX version is suitable for min. 11" row rise
- Decorative timber panel to rear (optional for seat pan)
- Optional writing tablet

Dimensions

- Seat width (centre to centre): 19 $\frac{5}{8}$ ", 20 $\frac{1}{2}$ ", 21 $\frac{1}{4}$ ", 22"
- Minimum row rise on telescopic platforms: 11"
- Minimum row depth on telescopic platforms: 35 $\frac{3}{8}$ "
